

Building friendships

We have a dedicated, enthusiastic and inspiring team of well-qualified and highly skilled staff who provide excellent teaching and support.

This enables our students to become creative and independent thinkers and develop a genuine love of learning, which brings them great success in their futures.

Developing confident, respectful and successful young people.

“We are very proud of Wellsway and take great pride in the high standards achieved by our students. Our staff and students are the biggest advocates for our school and I'm sure when you visit, you'll see why we believe Wellsway School is a unique community.”

We build for the future

Building partnerships

We are very proud of our school and take great pride in the high standards achieved by our students - they leave us as happy, well-qualified, confident and well-motivated young citizens and we are delighted that so many go on to excel in their chosen careers.

Our students are at the heart of everything we do - we want to build on their individual strengths and help them grow into well-rounded, confident young people, who can play a positive role in the world. We have a focus on excellence for both our culture and curriculum, so that it allows all young people to succeed both now and in the future.

“We've been impressed with very proactive staff.”

Building futures

The aim of Wellsway School is simple: to ensure our young people develop into 'confident, respectful and successful young people.'

As a school, we are motivated by a sense of the moral seriousness of what schools do; by a conviction that education, while important, should also be fun; by a belief that schools should be inclusive families in which everyone is equally valued; and by a determination that each one of us will become the very best person that we can be.

Therefore, we believe that Wellsway School is a unique community, one that believes in and actively promotes the traditional values of courtesy, respect, and compassion.

“Teachers have a real sense of care for us to progress into later life by achieving our potential.”
